Partnerships for the Societal Challenge

Inclusive, reflective and innovative societies

The circle of partners...

Statistics offices + survey takers

- > data archives and data access services

- >>> information analysts

- >>>> knowledge users

...has to become transnational

European Partnerships with Research Infrastructure Consortia

CESSDA to become CESSDA ERIC in 2016

Distributed and integrated

Services “irrespective of the location of the user or the data”

2015 CESSDA Work Programme

- CESSDA Product and Service Catalogue
- CESSDA Secure Access and Download Portal
- CESSDA Single Sign On
- CESSDA Authentication and Authorisation
- CESSDA Metadata Management Standard
- CESSDA Virtual Centre of Competence
- CESSDA PI and Citation Standard
- CESSDA Expert Seminar

All managed as projects. All must take into account DwB et al.

2015 CESSDA Work Programme

- Each Task launched as a Call
- Bids from CESSDA Service Providers working in partnerships
- User and Service Provider impact assessments required
- Delivery (product and service launches) in 2015/16
- Expect contact. Either consultation, or about your DwB work

2015/16 CESSDA Tasks

- CESSDA 2020 Strategic Plan
- CESSDA Scientific Strategy
- All members to be Data Seal of Approval certified
- Operationalise the collaboration with the ESS
(Including ESC-OS, MISSY, CIMES, etc)
- Evaluate DASISH and DwB deliverables
- Prepare the 2016 Work Programme (in draft by June)
- Become an ERIC !

2015 - 18 CESSDA Projects

- CESSDA “Strengthening and Widening” bid
(Results in June 2015)
- SERISS “Synergies in European RIs for Social Sciences”
(Pending final decision)
- BigDataEurope.
(Opportunity for us all to explore Big Data)
- Secure Virtual Research Environment
(21st Century user experience)

How strong are the partnerships?
